

LAG Heavy Duty Stainless Steel Castors with Soft Polyurethane Tyre

LAG INOX40 swivel castors are a heavy pressed stainless steel castor with riveted kingpin. Fitted with integral stainless steel ball bearings in a blue 87 Shore A polyurethane wheel these swivel castors are ideal for wash-down food environments. The heavy duty pressed 304 stainless steel housing is held together by a riveted king pin for extra durability. Available in a wide range of wheel diameters from 100mm to 300mm and load capacity ranges from 250kg - 600kg..

Product Code	 Wheel Diameter	 Load Capacity	 Plate Length (mm)	 Plate Width (mm)	Price 1+ (ex. VAT)
